The Insp Gl requests sanction for the following items of the Maharajas College

Contingent allowance to be raised from Rs 300 to 600 a year permanently

1 Purchase of chemical bells at a cost of Rs 100 (Special grant)

2 the appointment of a Demonstrator in the 2nd grade (Rs 25 rising by biennial increments of Rs 3) to

3 the appointment of an additional Peon on Rs 7

All the above are new charges. The Insp Gl proposes to meet charges nos 1 & 2 out of the General Savings of the budget for 1895-96 As regards the other two items he says that they are included in the list of new hands for 1896-97 which is not yet received in this office

Sir

I have the honour to inform you that the Maharajas College, Mysore has Rs 300 a year allowed to it for its contingent expenses In his letter No 177 dated the 12th instant the Principal says that the amount has been already exhausted as he had to meet during the year certain charges in connection with the terminal examinations of the BA classes and to pay for certain petty repairs so he has no money for contingent expenses which will have to be incurred during the remaining months of the year I request that a sum of Rs 300 may be sanctioned for the purpose as a special case from the General Savings of the Educational Budget

Mr Treer—

2 Mr Weir also requests that a special grant of Rs 100 may be sanctioned for purchasing dumb bells and for repairs of Gymnastic Apparatus The provision made in the Budget for furniture and apparatus is Rs 3,500 a year of which Rs 2,985-13-9 has been spent up to date The balance just suffices to pay the bills which will come up for payment before the end of the year The special grant of Rs 100 applied for by Mr Weir will likewise have to be sanctioned from the General Savings of the Department

3 Mr Weir further requests that the additional sum of Rs 300 asked for by him for contingent expenditure may be made an annual grant and that a Tamil Munshi in the Second grade of Pundits and Munshis (Rs 25 rising to Rs 40 by biennial increments of Rs 3) and an additional peon on Rs 7 may be sanctioned for the College These proposals have been embodied in the Memorandum on New Hands and Increases for 1896-97 which will shortly be submitted to Government Mr Weir's letter is enclosed for reference and in favour of return

Sr

I have the honor to inform you that the Contingent allowance for the year is exhausted and that an Additional Sum of about Rs 300 will be necessary to meet the ordinary Contingent charges to be incurred before the end of the official year

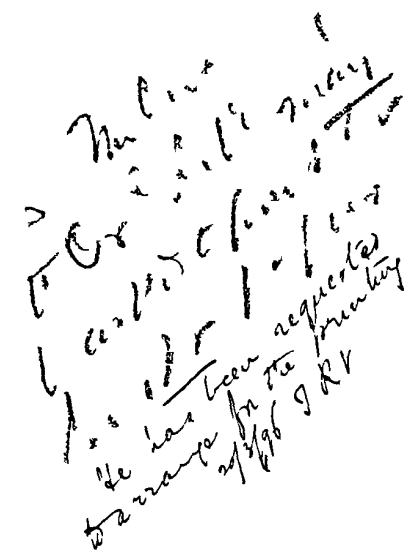
The increase in the contingent charges is partly due to the cost of printing papers for the terminal examinations of the B A classes and writing paper used in the examinations for which no provision was made when the B A Classes were started, and partly to the increased expenditure on petty repairs for which no provision was made when the New College was opened I have therefore the honor to request that Govt will sanction the additional amount of Rs 300 for the current year

2 I have the honor to request that the amou

Annual

grant for Contingent expenses may be fixed at Rs 600 as the increase in expenditure is permanent and not temporary

great difficulty is experienced in getting legible examination papers in Sanskrit by the use of the cyclostyle It would be much more satisfactory if the Sanskrit papers could be printed at the Mysore Govt Branch Press. I have therefore the honor to request that Govt will sanction this measure and issue the necessary orders to the Manager of the Press



4 I have the honor to request that a special grant of (Rs 100) Rupees one hundred only may be made for repairs of Gymnastic apparatus and purchase of Dumb Bells

5. I have the honor to request that an additional peon on (Rs 7) Rupees Seven only may be sanctioned specially for the purpose of attending to the Physical apparatus and assisting the lecturer in Physics and chemistry in cleaning his instruments

Annual

6 I have the honor to request that a Tamil Munshi may be appointed in the Second Grade of Munshis and Pundits It is true that the number of Tamil students is not large, but there are one or two in almost every class and all the students complain of the difficulty they experience in getting up these texts unaided, while they say that no pundit is to be found the town who is fully qualified to give them private tuition in advanced work I think it would therefore be well for the encouragem

of Tamil education to introduce a good Pundit. Mr. Holdsworth Principal of the Wesleyan High School, who also feels the want of a Tamil Munshi informs me that he will be glad to employ the College Pundit, paying him Rs 10/ Rupees ten only per mensem in addition to his Govt Pay. In this way sufficient inducement may be held out to attract a first class man at a comparatively small cost to Govt

SIR,

With reference to Government Proceedings No. 11416 Edn 368 of the 8th April 1896, I have the honour to inform you that on a reference being made to the Principal of the Maharaja's College as to why the Contingent allowance of the College should be don he states that the additional amount asked for is to meet the unavoidable expenses for printing examination papers purchasing stationery for examination purposes and for the increased postage for University Correspondence and to other petty items which have all become necessary since the College was raised to the First Grade The average contingent charges of the Maharajas College during the past three years have been

uniformly Rs 300 a year The annual Contingent allowance granted for the Central College is Rs 300, but last year an extra expenditure of Rs 103—4—9 was sanctioned by Government There is a press in the Central College and in connection with it there is a press-man whose salary is Rs 10 a month or Rs 120 a year, and perhaps the paper required for examinations and office is supplied free by the Stationery Office

Ask Supt of Press if this is true Whether the printing work of the Maharajas College Can be quickly done in the regular Branch
